DESIGN EXPERIENCE

Availity – Sr. Interaction Designer

Oct 2021 – Present

- Spearheaded the design system effort for 50 internal and 160 external teams
- Developed a design token pipeline using Figma as the source of truth
- Designed the future facing patient-centric vision for the enterprise
- Documented the design system usage guidelines and standards in Zeroheight

Florida Blue – Lead UX Designer | Technical Lead

Jul 2017 – Oct 2021

- Designed and authored the internal design system used by over 40 teams
- Scaled user validated design and mentored designers across multiple domains
- Published application boilerplates and reusable UI components
- Ran usability workshops, focus groups, user interviews and research sessions
- Solved and implemented the design and architecture of the internal workflow interface and callcenter CMS, saving millions of dollars per year

Vizergy – Web Designer

Apr 2017 – Jul 2017

- Mapped out the functionality and design of new sites using wireframes
- Created high-fidelity responsive deliverables and prototypes for clients
- Developed fully functional websites using HTML, CSS and Javascript code
- Articulated style guides, rationale and interactive prototypes in client calls
- Designed travel and lodging websites for a national client base, including Hard Rock Hotel, World Hotel Group, Ramada, Best Western and Wyndham

Client Focused Media – Web Designer

Apr 2016 – Jan 2017

- Redesigned the Buzz Magazine website
- Conceptualized and designed over 15 responsive websites for clients
- Introduced prototyping process that increased the web department's efficiency
- Assisted marketing team with Wordpress content management
- Worked closely with development team to ensure seamless integration of design

MILITARY EXPERIENCE

United States Navy – 2nd Class Petty Officer

Feb 2002 – Feb 2007
